BOCCIA Inc.

Established 1955

WATER IN THE BASEMENT? PROBLEM SOLVED.

TYPICAL UNPROTECTED HOUSE

Water damage can wreak havoc on your home, destroy your belongings and create an unhealthy environment. Before the next major storm hits, making sure your basement is protected will save a lot of hassle and heartache, not to mention a lot of money.

HOW?

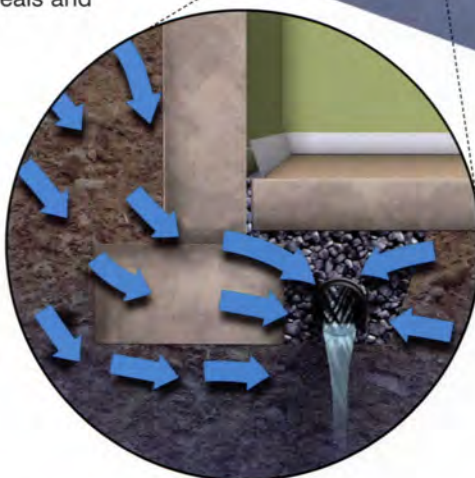

THE BOCCIA INC. HOLLOW KICK MOLDING SYSTEM

WHAT IS THE BOCCIA INC. HOLLOW KICK MOLDING SYSTEM?

- The Boccia Inc. Hollow Kick Molding system is designed to drain the soil below the basement floor.
- The exclusive patented HOLLOW KICK MOLDING system is the only product that conceals and protects the cove detail.
- Filtered perforated piping protects the system from clogging.
- Vapor barriers installed over the drainage system offer additional protection.
- An industrial automatic sump pump with a cast iron base increases the quantity of discharge and years of performance.

The Hollow Kick Molding System is patented by the United States Government (PAT #4879851)

WHY BOCCIA INC.?

Boccia Inc. utilizes the finest methods and materials to protect the basement against flooding.
